Tremolo	

Ernest M. Skinner Organ Co.
Op. 224, 1914

In the 1950s, Balcolm & Vaughan of Seattle added a four-stop chest to the Great with Octave, Twelfth, Fifteenth and Mixture stops. Those remain in a revised form, utilizing the 2nd Diapasons, Gedeckt, Dulciana and Harmonic Flute knobs. The Choir Diapason has been converted into a 2-foot stop, but is to be reversed in 2005, the original 1-24 being safely stored.
